

WEATHERSHIELD MULTI-SURFACE FUNGICIDAL WASH

Weathershield Multi-Surface Fungicidal Wash from **Dulux Trade** is designed for cleaning all bare or painted wood and masonry surfaces contaminated with moulds, algae and lichen. Suitable for brush application only.

KEY BENEFITS

- Ready for Use
- Kills Algae & Mould Growth
- For Wood & Masonry Surfaces

PRODUCT INFORMATION

Typical Use

Suitable for use on wood and masonry surfaces.

Pack Size

5L.

Colour Range

Clear liquid.

Film Properties

N/A.

Composition (nominal)

Active Ingredients: Benzalkonium Chloride.

Solvent: Water.

Volume Solids

3% (nominal).

SURFACE PREPARATION

For the best results, remove as much mould algae or lichen as possible by scraping and brushing, before treating. **Weathershield** Multi-Surface Fungicidal Wash will only be effective on surface growths. Where old growths have been trapped between previous coats, all existing coatings need to be removed. Special precautions should be taken during surface preparation of pre-1960s paint surfaces over wood and metal as they may contain harmful lead.

SYSTEMS INFORMATION

SHAKE THOROUGHLY BEFORE USE. Apply by brush to all affected areas. Leave for 24 hours then thoroughly rinse and scrub with water to remove

residues and dead growth; failure to do this may result in discolouration of subsequently applied coatings. Repeat the process if necessary. On badly affected areas or where lichen is present, the use of high pressure water-hosing may be necessary to remove all organic growth completely. Do not apply in wet weather.

APPLICATION METHOD

Brush only.

Health, Safety & Environmental Information:

Contains quaternary ammonium compounds, benzyl-C8-18-alkyldimethyl, chlorides. Causes serious eye irritation. Causes skin irritation. Keep out of reach of children. If medical advice is needed, have product container or label at hand. Do not get in eyes, on skin, or on clothing. Wash hands thoroughly after handling. Call a POISON CENTER or doctor/physician if you feel unwell. Dispose of contents and container in accordance with all local, regional, national or international regulations. Avoid the inhalation of dust. Wear suitable face mask if dry sanding. 803

personal protective equipment if a COSHH assessment shows they provide an equal or higher standard of protection. AVOID EXCESSIVE CONTAMINATION OF COVERALLS AND LAUNDRER REGULARLY. READ ALL PRECAUTIONS BEFORE USE. HSE No 6823.

Precautions: WASH ANY CONTAMINATION from skin or eyes immediately. WASH HANDS AND EXPOSED SKIN before meals and after use. Keep in the original container. Keep container tightly closed. KEEP IN A SAFE PLACE. To avoid risks to man and the environment, comply with the instructions for use. This product is approved under The Control of Pesticides Regulations 1986 (as amended) for use as directed. HSE No. 6823. Ingredients to be disclosed in accordance with Regulation (EC) No 648/2004 on detergents: Less than 5% - Cationic Surfactants.

Practical Coverage

A guide to the practical coverage which can be achieved under normal conditions is up to 25m² per litre. This will vary considerably depending on the absorbency of the surface.

Thinning

N/A.

Spray Recommendations

This product should not be sprayed.

Drying Times

Single coat at standard thickness:

Touch Dry: 2-4 hours. Leave on the surface for 24 hours, then rinse with clean water to remove dead growth/residues.

Cleaning Up

After use, remove as much product as possible from equipment before cleaning with water.

Transportation & Storage

Do not use or store in extremes of temperature and protect from frost. To prevent spillage, please store and transport upright.

VOC

N/A.
