THINNER

Cleaner: Water.

VOC CONTENT

Not applicable.

PREPARATION

Remove all loose and flaking material and any heavy growth, moss etc, with a stiff brush.

KEY PROPERTIES

- Treats and controls mould, fungal & algal growth

PREPARATION

Remove all loose and flaking material and any heavy growth, moss etc. with a stiff brush.

APPLICATION

To avoid risks to man and the environment, comply with the instructions of use. **USE ONLY AS DESCRIBED ON LABEL.** Stir thoroughly before use. Dilute 1 part product with 4 parts clean water. Apply by brush working well into the affected areas. Allow to dry for 24 hours before washing/brushing off to remove all loose and flaking material. A second application should be carried out before painting is undertaken. Do not use on polished surfaces, carpets or textiles. Do not use externally in wet weather. For additional information and free Johnstone's Trade datasheets call 01924 354354 or visit www.johnstonestrade.com

CLEANING

Remove as much product as possible from application equipment before cleaning. Replace cap firmly. Clean equipment immediately after use with warm soapy water and rinse thoroughly. Some local authorities have special facilities for the disposal of waste coatings. Do not empty product into drains or watercourses.

PRECAUTIONS

- Keep out of reach of children
- Avoid contact with skin and eyes
- Do not ingest
- If medical advice is needed have container or label to hand
